🪪 22 yo

Engineering student in Data Science in fourth-yearengineer school at The Leonard de Vinci Engineering School (degree in June 2020). Curious, dynamic, open-minded and autonomous, I am very motivated by new technologies and in artificial intelligence in cooperation with humans.One of the challenges is to meet human needs through data analysis without putting the human aside. I would like to be part of this revolution.

EDUCATION

ESILV (Leonardo da Vinci Engineering School)
La Defense - Courbevoie, France
2017 - 2020

ENGINEERING

- Database and interoperability (**mySQL** , **noSQL**)
- Object Oriented Programming and Interface (**C#** , **.NET** , **WPF**)
- Machine Learning (**R**)
- Cloud & Virtualization (**Docker** , **NodeJS** , **Python**)
- Design Pattern & Soft dev (**Java EE**)

UQAM (Université du Québec à Montréal)
Montréal, Canada
2017

UNDERGRADUATE SHORT PROGRAM - EXCHANGE

- Software development in an agile environment (**Java**)
- Scripting and dynamic languages (**Ruby** , **Python** , **Shell**)
- Advanced web programming (**HTML** , **CSS** , **Flask**)

IUT Orsay
Orsay, France
2015 - 2017

DUT IN COMPUTER SCIENCE

- Algorithms and Programming Languages (**Java** , **C++** , **Visual Basic**)
- Information Systems Analysis and Design (**UML**)
- Architecture (**C**)
- Database (**Merise** , **MySQL** , **ORACLE**)
- Networks, Computer Systems (**Shell**)

Louis de Broglie High School
Marly-le-Roi, France
2011 - 2015

TERMINALE S, ISN SPECIALTY, MUSIC OPTION

- Information Technology and Digital Sciences (**HTML** , **CSS** , **JS** , **Python**)

EXPERIENCE

Aubay
Boulogne-Billancourt, France
may 2017 - jul. 2017

FINAL INTERNSHIP AT THE IUT

- Development of hybrid mobile application under Ionic (**Ionic 2** , **Typescript**)

ESESN (Entente Sportive Etang Saint-Nom)
L'Etang-la-Ville, France
2014 - 2017

SPORTS EDUCATOR (SOCCER).

- Preparation and supervision (**catégorie 6-9 ans**)
- Weekly internships (**toutes catégories**)

PROJECTS

Foreign'Five	First year project at ESILV. Development of a mobile utility application **Ionic 2**
A Partir de Combien	Personal project to develop an entertainment game available on the Internet **ReactJS, PHP**
Memory Game	End of study project at the IUT. Development of a mobile game **Java,UML**
Minute Geek	Personal project to create a news website **HTML,CSS,Wordpress**

LANGUAGES

English: Full professional competence
Espagnol: Limited professional competence

INTEREST

Musique: Piano, Music creation via DAW
Sport: Soccer (club ESESN), Tennis
Voluntarism: Téléthon, Courir pour Curie
